

Camp Cascade

Conference and Retreat Center

Smoke alarm addendum:

Date of stay: _____

Facility used: _____

Pursuant to ORS 90.320, a working smoke detector or alarm has been installed in the above mentioned facility.

Guest is to notify on-site camp management and/or staff if a smoke alarm needs to be repaired or replaced or if a battery needs to be replaced.

Removing or tampering: It is a violation of the law to remove or tamper with a properly functioning smoke detector or alarm, including removing working batteries or any other way which would cause the smoke detector or alarm to be inoperable. Should the guest or anyone under the guest's control, cause a smoke detector or alarm to be inoperable, the owner/management may assess a penalty of \$250.00.

The guest hereby acknowledges receipt of the implementation of a \$250.00 charge for tampering with the smoke detector or smoke alarm system.

Note:

- ◆ Smoking is NOT allowed in any of the buildings. Please only use the designated areas OUTSIDE the facilities. (Initial) _____
- ◆ The following items are NOT allowed on or around the campground: incense, candles, explosives, and/or fireworks. (Initial) _____
